

Connecting to Longfellow Creek

- A Free Community Event -

SATURDAY, OCTOBER 22
10:00 - 12:00

At Dragonfly Pavilion Park

4111 26th Ave SW, Seattle

Join us for this family friendly event for all ages, to learn more about the local ecosystem of Longfellow Creek – including water, plants, and wildlife and what we can do to keep the creek healthy.

Local organizations will have information on display, in addition to an art activity and music. This event will also include a guided walk to explore the creek trail at 11:00, where we will be looking for returning Coho salmon and lots more!

For questions regarding this event, please contact DNDA: caroline@dnda.org

This event is funded in part by:
